Dear Mom & Dad,

I have just arrived at this unknown planet. I think I'm going to call it Carubia! I am putting down? Our Country's flag America. This place is really cool!!! By the temp I think it is night time. There are? lots of cool rocks here! I'm thinking about bringing some rocks back for Hannah. There's all kinds of colors and shapes. There's??? blue, red, orange, white & green! Its? really plain here but? I'm learning a lot. I smell a lot of smoke. There is a lot of sand here!!! WOW!!!!!!! I found a cave with a bunch of jewels?

They're all shiny. I see this big rock! It's at least 7ft high and 6ft wide. I'm going to take a picture of it so you guys will be able to see it!! Wow it's midnight I better get some rest now.

I just woke!? Now I'm going to collect some of those jewels. I see something over there. It's a peace of glass! It's stuck in the ground. I'm going to get it out. Wait that's not glass its GOLD!!!

This is some really cool? Planet "Carubia!!!"? Maybe it isn't so plain?

Your Loving Daughter,
Kailee
